

WORKPLACE TESTING:

Urine Tests:

Urine tests detect drugs being metabolized by the body at the current time.

- *5 Panel Urine Drug Test:* Tests for marijuana, amphetamines, opiates, PCP and cocaine.
- *9 Panel Urine Drug Test:* Tests for marijuana, amphetamines, opiates, PCP, cocaine, methamphetamines, benzodiazepines, barbiturates and methadone.

Healthcare Express can also conduct hair tests. Hair tests can detect drug use over a 90 day period.

Quick Drug Screens:

A rapid six panel drug test providing results in less than 10 minutes. Non-negative tests are sent to the laboratory for confirmation testing. These tests are good for employers who need immediate results. However, they are not available to employers that fall under federal testing program guidelines.

Breath Alcohol Testing:

Certified breath alcohol technicians are on-staff to provide DOT and non-DOT breath alcohol tests. Healthcare Express utilizes the Intoxilyzer 400 to provide accurate alcohol testing.

HOW IS TESTING COMPLETED?

Tests are conducted by staff certified by the Drug Alcohol Testing Industry Association (DATIA). Drug tests are sent to laboratories that have met the performance standards set by the Substance Abuse and Mental Health Services Administration (SAMHSA). These labs are approved by the US Government to perform tests for federally mandated testing programs. All tests are sent to a medical review officer (MRO) for confirmation.

DRUG TESTING SERVICES:

On-Site Testing:

Healthcare Express offers on-site drug testing, saving companies money lost from down time while an employee is away from the workplace taking a drug test. Advanced scheduling is required for this service.

Random Selection:

Healthcare Express will maintain an employee database for your company or organization and randomly select employees for testing. This reduces an employer's liability, as the employer is removed from the selection process.

24-Hour On-Call:

In addition to being open with extended hours on weekdays and on Saturdays, Healthcare Express offers a 24-Hour on-call service for drug and alcohol testing.

TESTING RATES:

For a list of our testing rates, see the testing sheet inside this folder or contact our Substance Abuse Testing (SAT) department in Texarkana, Texas at 903-791-9355 ext. 105 or in Magnolia, Arkansas at 870-234-9800.
